Dear Lorraine,

Imperial Oil purchases crude oil in Ontario on the basis of a reference price, a terminal charge to Marcus and quality adjustments.

There are two reference prices, one for sweet, one for sour crudes and these are changed monthly.

For **July 2022** these prices are:

		<u>Reference Density</u>	<u>Reference Sulphur</u>
Sweet Reference Price	<b>\$ 840.25</b>	825 kg/m3	.5% S (by weight)
Sour Reference Price	<b>\$ 810.55</b>	850 kg/m3	1.2% S

If you have any questions please feel free to call.
